The West Central FFA Chapter Officers have quite a list of goals for the 2011-12 school year. Among them, continuing to help build the FFA Alumni Affiliate, increasing membership and parent and community involvement and conducting community service projects.

The officer team completed a lot of the planning

for the year during their officer's retreat this summer. During the retreat officers concentrated on their strengths, learned how to communicate key messages and set chapter and personal goals for the year. The retreat was made possible through a generous donation from Pfizer Animal Health and the Montrose Vet Clinic.
